Bulletin No. 2019-DP-01

Topic: North Carolina Revised Dwelling Territory Coding

ISS Contacts: iss.support@apci.org

The Rate Bureau filed with the Commissioner of Insurance proposed revised Dwellings insurance rates. A separate section of the filing also proposed comprehensive revisions to the Dwellings territory definitions to reflect more fairly the different loss exposure of various counties and areas of the State.

These changes are applicable to all new and renewal policies becoming effective on or after February 1, 2019 which is collected in the **2020 call** for ISS.

The territory field (positions 40-41) has been expanded to a three digit field (39-41) in the record format to accommodate these revised territory definitions. States other than North Carolina should continue to use positions 40-41. If you decide to use three digits territory field for all states then you should add a leading zero to the territories in the stat plan.
