Bulletin No. 2023-AU-02

Topic: Virginia Commercial Automobile UM and UIM coding changes
ISS Contacts: iss.support@apci.org

In 2022, Virginia passed SB 754 Motor vehicle insurance which requires any motor vehicle liability insurance policy issued, delivered, or renewed in the Commonwealth to include a specific statement regarding the insurer requirements to provide underinsured motorist coverage that pays any damages due to an insured in addition to any bodily injury or property damage liability that is applicable to the insured's damages.

To be able to develop experience and be consistent with industry standards, ISS is updating table 60 of the Other Than Personal Vehicle Voluntary Automobile Statistical Plan to capture these UM and UIM coverages.

These changes apply to policies effective July 1, 2023, and subsequent.

The coding on the attached page 266 will be immediately reflected in the Other Than Personal Vehicle Voluntary Automobile Statistical Plan.
