---

The New York Department of Financial Services has approved revisions of the Suffolk County territory definitions based on zip code for both Private Passenger and Commercial Auto.

This revision segments territories 75 and 76 into additional pieces to reflect demographic changes that have taken place over time. Territories 75 and 76 will be replaced with new territories 77 - 80. These changes apply to Assigned Risk data. Please refer to the New York Assigned Risk Manual for the current zip code assignments for these territories.

These territory changes are applicable to policies effective **October 1, 2018**.
