Topic: North Carolina Commercial Automobile Class Coding Revision

ISS Contacts: iss.support@apci.org

The North Carolina Reinsurance Facility (NCRF) approved revisions to the Commercial Auto Manual. This is a wording change that has no impact on eligibility or rating.

Non-Fleet Class Code 7391 for Private Passenger type vehicles is now approved for use with applicable risks according to Rule 12 in the Commercial Auto Manual.

All member companies that cede Commercial Auto Business to the Facility must use class code 7391 for eligible Private Passenger type vehicles for new and renewal business effective on or after April 1, 2024.
