Bulletin No. 2024-IM-01

---

**Topic:** **REVISION to Inland Marine Class and ASLOB Coding Change – Pet Insurance**

**ISS Contacts:** [iss.support@apci.org](mailto:iss.support@apci.org)

---

The pet insurance industry has grown rapidly over the last few years and the high growth rate continues. In the past Pet Insurance was included in the annual statement line of business for Inland Marine (09.0). To gather more insight into this growing market, the NAIC has introduced a new annual statement line of business structure for Inland Marine insurance that separately captures Pet Insurance. Inland Marine – Non-Pet insurance is now to be reported with annual statement line of business 09.1. Pet Insurance is to be reported with annual statement line of business 09.2.

To develop experience and be consistent with industry standards, ISS is updating coding in the Inland Marine Statistical plan as follows:

- Beginning in 2024, companies are required to use Annual Statement Line of Business 091 (Inland Marine for non-pet insurance) and 092 (pet insurance). This includes all 2024 quarterly financial statements, the 2024 annual statement (filed in 2025), and the Call Year 2025 Inland Marine statistical submission.
- ISS is establishing a new class code 779800 for Pet Insurance.

Updated Classification Code, and Annual Statement Line of Business pages from the statistical plan are attached.
